

AGENDA/LIST OF TALKS/INDEX

<u>Module 1: HIV and HIVAssist</u>	<u>Approx. Minutes</u>
Intro to HIV: Update on US Epidemiology, Care Cascade, Role of PCP Joyce Jones, MD, MS	15
HIV Diagnostics and Initial Testing Recommendations Joyce Jones, MD, MS	20
Prevention: Basics of PrEP including LAI, PEP Joyce Jones, MD, MS	20
Initial ART Selection Sonya Krishnan, MD, MHS	15
Managing Treatment Failure Sonya Krishnan, MD, MHS	15
Treatment Optimization/Simplification and Long-Acting Injectables Ethel Weld, MD, PhD	15
Introduction to HIVAssist Maunank Shah, MD, PhD	15
ART Primer Sonya Krishnan, MD, MHS	10
<u>Module 2: Mycobacteria</u>	<u>Approx. Minutes</u>
Intro to TB for PCP Maunank Shah, MD, PhD	10
LTBI Diagnosis Maunank Shah, MD, PhD	10
LTBI Treatment and Monitoring for PCP Jeff Tornheim, MD, MPH	15
What's Hot in TB – Preparing for the Future Maunank Shah, MD, PhD	15
NTM Diseases in Immunocompetent Chis Lippincott, MD, MPH	30
NTM Diseases in Immunocompromised Elisa Ignatius, MD, MSc	30
<u>Module 3: Skin and Soft Tissue Infections</u>	<u>Approx. Minutes</u>
Cellulitis (non-purulent, purulent) Diagnosis and Treatment Danica Rockney, MD	15
Diabetic Foot Ulcer Marcos Schechter, MD	15
Human and Animal Bites (including Rabies ppx) Danica Rockney, MD	15
Viral Skin Infections: HSV, VZV, Molluscum Danica Rockney, MD	15
Parasitic Skin Infections: Scabies and Pediculosis Danica Rockney, MD	15
Fungal Skin Infections: Dermatophytosis and Candidiasis Danica Rockney, MD	10

	<u>Approx. Minutes</u>
<u>Module 4: Lower Respiratory Tract Infections</u>	
Community Acquired Pneumonia Overview	20
Michael Melia, MD	
CAP Assessment	15
Michael Melia, MD	
CAP - Antibiotic Selection and Management	15
Michael Melia, MD	
Viral LRTI: Influenza, RSV, and other Respiratory Viruses	20
Paul Auwaerter, MD, MBA	
Viral LRTI: COVID	20
Paul Auwaerter, MD, MBA	
<u>Module 5: Vaccine Updates</u>	<u>Approx. Minutes</u>
Vaccine Basics: Immunization Schedule, Types of Vaccines	30
Anna Durbin, MD	
Childhood Vaccines: Updates	15
Anna Sick-Samuels, MD, MPH	
Updates in Adult Immunization Recommendations	20
Anna Durbin, MD	
Vaccine Hesitancy	15
Rupali Limaye, PhD	
<u>Module 6: Antibiotic Stewardship and Antimicrobial Resistance</u>	<u>Approx. Minutes</u>
Antibiotic Resistance: Epidemiology	15
Dariusz Hareza, MD	
Antibiotic Resistance: Mechanisms	15
Patricia Simner, PhD, MSc	
Antibiotic Stewardship Basic Principles	10
Sara Keller, MD, MPH	
Management and Diagnosis of MDRO/ESBL	20
Pranita Tamma, MD, MPH	
New or Emerging Antibiotics	15
Kathryn Dzintars, PharmD	
<u>Module 7: Sexually Transmitted Infections</u>	<u>Approx. Minutes</u>
Epidemiology and Prevention: Overview	10
Susan Tuddenham, MD, MPH	
Sexual Health and the Approach to the Patient (taking a sexual history).	10
Matthew Hamill, MBChB, PhD, MPH, MSc	
<u>Common STI Syndromes</u>	
Urethritis, Cervicitis, Proctitis, GUD	15
Susan Tuddenham, MD, MPH	
Vaginitis: Trich, Vulvovaginal Candidiasis Bacterial Vaginosis	15
Susan Tuddenham, MD, MPH	
<u>Organism Spotlight</u>	

Syphilis Natural History and Clinical	10
Khalil Ghanem, MD, PhD	
Syphilis Diagnosis	10
Khalil Ghanem, MD, PhD	
Syphilis Clinical Management	10
Khalil Ghanem, MD, PhD	
Gonorrhea	10
Susan Tuddenham, MD, MPH	
Chlamydia/LGV	10
Susan Tuddenham, MD, MPH	
Mycoplasma Genitalium	10
Susan Tuddenham, MD, MPH	
HSV Diagnosis, Treatment, Prophylaxis, and Resistance	10
Khalil Ghanem, MD, PhD	
<u>STD Prevention</u>	
Screening Recommendations	10
Matthew Hamill, MBChB, PhD, MPH, MSc	
Barrier Methods, Partner Management, DoxyPEP	10
Matthew Hamill, MBChB, PhD, MPH, MSc	
<u>Module 8: Vectors</u>	<u>Approx. Minutes</u>
Malaria: Chemoprophylaxis and Treatment	20
Photini Sinnis, MD	
Malaria: Clinical Manifestations and Diagnosis	20
Photini Sinnis, MD	
Leishmaniasis: Presentation, Diagnosis, Management	20
Photini Sinnis, MD	
Trypanosomes: Presentation, Diagnosis, Management	20
Photini Sinnis, MD	
Vector Borne Part A: Chikungunya	20
Anna Durbin, MD	
Vector Borne Part B: Dengue	15
Anna Durbin, MD	
Vector Borne Part C: Zika	15
Anna Durbin, MD
