

AGENDA/LIST OF TALKS/INDEX

<u>MODULE 1: Common Inpatient ID Consults</u>	<u>Approx. Minutes</u>
Endocarditis: Diagnosis and Management of Common Organisms	20
Sara Karaba, MD, PhD, MHS	
Cardiac Device Infections	20
Sara Karaba, MD, PhD, MHS	
Urinary Tract Infections	20
Michael Melia, MD	
Septic Arthritis and Prosthetic Joint Infections	20
Christopher Lippincott, MD, MPH	
Osteomyelitis (vertebral osteo, sacral decubitus ulcers)	20
James Ladd, MD	
Staph Aureus Bacteremia: Part I	20
Sara Cosgrove, MD	
Staph Aureus Bacteremia: Part II	20
Sara Cosgrove, MD	
Evaluation of New-Onset Fever in Hospitalized Patient	15
Valeria Fabre, MD	
C. difficile—Initial Diagnosis and Management	10
Cindy Sears, MD	
Management of Complex C. Difficile Infections	10
Cindy Sears, MD	
Diverticulitis and Biliary tract Infections	20
Sara Cosgrove, MD	
Candidemia	15
John Baddley, MD, MSPH	
 <u>MODULE 2: CNS Infections</u>	 <u>Approx. Minutes</u>
Meningitis and Meningoencephalitis Part I (Encephalitis)	20
Paul Auwaerter, MD, MBA	
Meningitis and Meningoencephalitis Part II (Meningitis)	20
Paul Auwaerter, MD, MBA	
Meningitis and Meningoencephalitis Part III (Nosocomial, CNS shunts, and other)	20
Paul Auwaerter, MD, MBA	
Cryptococcal and Other Fungal Meningoencephalitis	15
John Baddley, MD, MSPH	
 <u>MODULE 3: Severe Respiratory Tract Infections</u>	 <u>Approx. Minutes</u>
Ventilator/Healthcare Associated Pneumonia	20
Valeria Fabre, MD	
Community Acquired Pneumonia Management in Hospitalized Patients	20
Michael Melia, MD	
Aspergillosis and Fungal Pneumonia	15
Shmuel Shoham, MD	
Endemic Fungal Infections	15

John Baddley, MD, MSPH

<u>MODULE 4: Other Common Infections in TOID</u>	<u>Approx. Minutes</u>
UTI and Recurrent UTI	10
Olivia Kates, MD, MA	
Invasive Fungal Infections	20
Shmuel Shoham, MD	
Neutropenic Fever & Onc Emergencies	20
Veronica Dioverti, MD	
Nocardia, Mycobacteria, PJP, and Anything Else!	20
Robin Avery, MD	
Vaccination	15
Olivia Kates, MD, MA	
Living Safely	15
Olivia Kates, MD, MA	
<u>MODULE 5: Transplant/Oncology Infectious Diseases</u>	<u>Approx. Minutes</u>
<u>SOT ID 101:</u>	
Introduction to Infections in Solid Organ Transplant	15
Robin Avery, MD	
Transplant Immunology & Rejection	15
Robin Avery, MD	
Immunosuppression Overview (include drug interactions)	15
Robin Avery, MD	
Donor/Recipient Considerations (understanding serostatus, screening, prophylaxis)	15
Olivia Kates, MD, MA	
<u>ONC ID 101:</u>	
HSCT Types and Timelines	15
Veronica Dioverti, MD	
GVHD & More (ID mimics - CRS, Sweets, Leukemia Cutis)	20
Veronica Dioverti, MD	
Common Chemotherapy and Immunotherapy Considerations	15
Robin Avery, MD	
<u>Herpesviruses:</u>	
CMV	15
Robin Avery, MD	
HSV, VZV, and HHV-6	15
Andrew Karaba, MD, PhD	
EBV, HHV-8, and PTLN	15
Olivia Kates, MD, MA	
<u>Module 6: Management of Antimicrobial Resistance</u>	<u>Approx. Minutes</u>
Management of DTR PsA	15
Pranita Tamma, MD, MPH	
Management of ESBL-Producing Enterobacterales	15

Pranita Tamma, MD, MPH

Management of KPC-Producing Enterobacterales

Pranita Tamma, MD, MPH

15

Management of NDM-Producing Enterobacterales

Pranita Tamma, MD, MPH

15

Management of Stenotrophomonas Maltophilia

Pranita Tamma, MD, MPH

15

Management of AmpC Beta-lactamase-producing Enterobacterales

Pranita Tamma, MD, MPH

15

Management of CRAB

Pranita Tamma, MD, MPH

15

Spectrum of Activity of Commonly Used Antibiotics

Sara Cosgrove, MD

15

Basic Antifungals

Alice Hsu, PharmD, BCIDP

15

Novel Antifungals for Difficult to Treat Yeast and Molds

Alice Hsu, PharmD, BCIDP

15
